

HOW TO DETERMINE YOUR BODY WRAPPERS SIZE

To make certain you get the best fit possible, we follow a consistent size throughout our catalog. Our clothing is generously cut, so please order your correct size. Please take a few extra minutes to measure yourself accurately with a tape measure and compare your measurements to our sizing chart.

BUST:

Measure all the way around the fullest part of your bustline.

WAIST:

Measure all the way around the smallest part of your waist.

HIPS:

Measure all the way around the fullest part of your hips. (Adults approximately 8" below your waist.)

GIRTH:

Measure with someone's help running the tape measure in a circle from your shoulder at the neck, down under the fullest part of your bust, through the center of your crotch and back up to the starting point at your shoulder.
