

**Dance Robes** are made of 100% smooth, shiny Satin Polyester and designed to be worn over costumes at competitions and recitals. Roomy, easy-wash robes allow costumes to float freely underneath while protecting the costume from an audience sneak preview, dirt, food, etc. Dance studio, school or student name can be embroidered on the back of the robe to ensure teachers and students can easily locate their classes or their robe at the studio, competitions and/or a community performance. Choose to embroider school name or student name from several 2" (5.08 cm) font choices and 7 thread colors.
